AUG 03 2012

DIV. OF OIL, GAS & MINING

Subject: Deficient Application for Transfer of Notice of Intention: UDOT Beck Street Quarry, M011003, Davis County, Utah

Dear Mr. Baker;

We are in receipt of your letter dated July, 20, 2012 regarding our "Application for Transfer of Notice of Intention to Commence Large Mining Operations (Form MR-TRL)". We request the following clarifications to your request for additional information.

The Divisions letter references that Lakeview Rock Products submitted form MR-TRS. Lakeview submitted form MR-TRL. Upon discussion with the Division subsequent to our purchase of the UDOT property we were advised to submit Form MR-TRL. Do we need to submit a different application?

Lakeview was also told in our discussion that upon the Division's receipt of Form MR-TRL the Division would then inform Lakeview of the bonding requirements to complete the transfer. The Division's letter dated July 20 has stated a bond amount of \$374,100 to be submitted on Form MR-RC. The letter further stated that the form was enclosed, which it was not. Please submit the referenced form so that we can comply with bullet point #1 of your letter.

Bullet point #2 of your letter requests a replacement page 1 for the NOI to Commence Small Mining Operations showing revised ownership information. In review of the NOI we noticed that page 1 states that the NOI is for Large Mining Operations and page 1 has no ownership information shown. Please clarify your request for bullet point #2.

Please feel free to give me a call if you have any questions.

Sincerely,
Lakeview Rock Products, Inc.

John Burggraf
Vice-President
